State Takes Charge.

Johnstown Being Rapidly Restored.

VERY SLOW AND TEDIOUS WORK.

It is Now Almost Ascertained How Many Lives Were Lost at Johnstown—Requisition on Pittsburgh for Food Immediately Responded To.

JOHNSTOWN, Pa., June 13.—Gen. Hastings to-day distributed the work to be performed among a number of contractors who are already prepared with men, teams and appliances to push the work with vigor. Gen. Hastings has to-day proved himself equal to the occasion, and if his plans are carried out, the restoration of Johnstown is assured, and that before very long.

But very little outside work was accomplished, but by to-morrow the labor of clearing the wreck will be resumed with determination. Col. H. T. Douglass, chief of the Baltimore and Ohio railroad engineering corps, reported to Gen. Hastings and tendered his services. After a consultation with Gen. Hastings Col. Douglass was placed in charge of all of the engineering features connected with the task the state has undertaken.

To facilitate matters the valley has been divided into districts. Number one includes Cambria City and all points below the railroad bridge down to Morrellville. Five hundred men in charge of Contractor Ridge, of Pittsburgh, will work on this division.

The gorge at the viaduct will be known as division No. 2, and will be cleared up by James McKnight, of Pittsburgh. Mr. McKnight will use twenty hoisting machines, twenty teams and 700 men to begin with. Nearly all of the city of Johnstown and that part west of, is included in Division No. 3, and will be taken care of by Colburn & Mitchell, of Altoona, with F. Lafeland, engineer. Division No. 4 includes Conemaugh, and will be taken care of by McLain & Johnson, of Pittsburgh. Kerrville is the fifth district, and James McKnight has undertaken to clear it up. Each district will be under the supervision of a competent civil engineer.

Col. Douglass, the chief engineer in charge of the work, says the cost of clearing the valley won't be more than a half a million dollars. He could not estimate just how long it would take.

Relief From Pittsburgh.

PITTSBURGH, June 13.—Yesterday the following order was received from Commissary General Spangler, at Johnstown: Please ship at once 100,000 pounds of fresh bread, 20,000 pounds to be shipped each day for five days, 10,000 via Baltimore and Ohio, and 10,000 via Pennsylvania railroad, 8,000 quart cans of tomatoes, half via Baltimore and Ohio and half via Pennsylvania railroad, 4,000 quart cans of corn, ditto; 10 barrels of vinegar, ditto; 2,000 boxes pepper, ditto; 60 bushels onions, ditto; 100 cheeses, ditto. The emergency is very great, and unless shipments begin to-day there will be a famine in this entire valley.

Orders were placed within a few minutes for the entire amount of the requisition, amounting to about \$8,000, and the first shipment was made yesterday. In this connection Mr. Renben Miller remarked that such orders as this one furnished the best refutation needed of the reports current that there is a superabundance of supplies at Johnstown, and every reason why contributions should be continued right along for the present.

After to-day the railroads leading to Johnstown will be relieved of the embargo placed upon them by the general relief committee, and people can come and go at pleasure without first securing the special order and a handful of passes that have been necessary. Contributions to the relief fund continue to come in with encouraging regularity, but the amounts are growing smaller.

Fear is expressed that the action of the governor in undertaking to take entire charge of the distribution of the fund, will tend to interfere with subscriptions. Up to last night the amount received by the treasurer was \$505,640.

Word was received yesterday evening that Contractor William Flinn, who is still in Johnstown, had been taken suddenly and seriously ill.

The work of paying the workmen was completed at 2 o'clock yesterday afternoon. About \$110,000 was distributed among them. Nearly of them were provided with transportation to this city.

Official Figures.

JOHNSTOWN, Pa., June 13.—The bureau of registration reported to-day that 15,078 survivors have registered. Many registered twice, and some a half dozen times, which caused the list to run up to 21,000. For the past twenty-four hours there have been very few names registered, scarcely more than a score, showing that the work is nearing completion. The number of bodies recovered is 1,192, of which 628 have been identified.

As Reported to Washington.

WASHINGTON, June 13.—The following message has been received from L. S. Emery, the agent sent by the Washington relief committee to Johnstown: "City is under military control from this morning. If they co-operate with the citizens in giving employment and distributing relief will be an improvement. The military have been essential in protecting property and maintaining good order. The sanitary condition is necessarily bad, but no epidemic is apprehended yet. I have worked assiduously aiding the distribution in a civilized way. All was confusion at first, and the longest and strongest arms got the most. One carload of goods, with others, was taken possession

of by employees of a contractor, and I was obliged to call the soldiers to protect it until delivered to the proper authorities."

The relief fund now exceeds \$50,000.

Will He Be Sustained.

PITTSBURGH, June 13.—A Harrisburg special to The Times says: Governor Beaver and his cabinet have become dissatisfied with this scheme to take \$1,000,000 out of the state treasury to pay the expenses of clearing away the Johnstown wreck. Offers to endorse his bonds are few and far between, and he will probably try to raise enough money to pay the expense by loans from citizens who will take the chance that the legislature when it meets in 1891 will reimburse them.

THE CRONIN AFFAIR.

What Took Place Just After Sullivan Was Arrested.

CHICAGO, June 13.—When Alexander Sullivan appeared in the court room, shortly after 4 o'clock, and made a dignified bow to the bench, he was as cool as a cucumber. To see his calm face, his self-possessed air, his spotless linen and faultless attire, no one would have imagined that he had been taken from his bed the night before and confined the interval in a not over inviting cell in the county jail.

At the outset State's Attorney Longenecker filed a demurrer to the proceedings on the ground that the evidence against Sullivan had not been incorporated in the petition for the writ of habeas corpus, but it was soon developed that the opinion he cited in support of the position had been rendered twelve years before the enactment of the present habeas corpus act. Stirring arguments in behalf of Sullivan's admission to bail were then made by A. S. Trude and ex-Senators Gilbert and Duncan.

They held that there was not a jot or tittle in the evidence presented at that inquest that justified the deprivation of Sullivan of his liberty; that a dog would not be judged on the mass of gossip and suspicion that went to make up the case against him, and that the verdict of the jury lacked cohesiveness or definite character. In reply the state's attorney admitted that the case against Sullivan was not so strong as against some of the other prisoners, but objected to action being taken while the grand jury was considering the case.

Judge Tuley reviewed the situation at length. He said that on the facts presented he should be inclined to discharge the prisoner, were it not for the fact that the grand jury had the case in hand. The verdict was exceedingly indefinite and informal. The state's attorney he thought should show that there was sufficient cause to hold the prisoner. A long discussion ensued and finally, at Mr. Sullivan's request Mr. Trude agreed to join issues with the state and let the judge read over the testimony taken at the inquest. Judge Tuley saying that he would consider it legally and without prejudice. Sullivan was then remanded to jail until 10 o'clock Friday morning, when the court will render a decision. If the evidence is not sufficient in the courts opinion, he can discharge the accused if no indictment is returned, and admit him to bail if there is an indictment.

If the grand jury was in session for three hours yesterday, and listened to a repetition of some of the testimony given at the coroner's inquest.

Hattick, the furniture salesman, is almost positive that the photograph of Maroney, under arrest in New York, is that of the man to whom he sold the goods found in the Carlson cottage. White, the expressman, is absolutely certain that it was Maroney that hired his wagon and carried the articles into the cottage. The Chicago detectives with requisition papers will reach New York to-morrow night.

Probably the Right Man.

CHICAGO, June 13.—Salesman Hatfield, of Alexander Revell & Company, has identified a photograph of John J. Maroney, who was arrested in New York yesterday as the man who bought the furniture for the apartments at 117 Clark street. Bookkeeper Threemorton of the same firm said the photograph greatly resembled the man that bought the furniture, but he could not be positive.

A Mine Caves In.

WILKESBARRE, Pa., June 13.—The roof of the Hollenbeck mine, operated by the Lehigh and Wilkesbarre Coal company, caved in this morning with a terrible crash. The men and mules were gotten out safely and there was no loss of life. This disaster also affected the Hillman vein mine, operated by private individuals. Both mines are badly damaged, and it will take months to repair the Hollenbeck mine. There are big crevices in Madison street, within a square of the court house, and much gas is escaping and fears of an explosion are entertained. The cave-in is considered a very disastrous one, in its effect much valuable property on the surface being damaged. At 11 o'clock last night it was learned that five acres are affected. The cracks can now be traced 1,800 feet along Main street, underneath hundreds of houses, many of them being costly residences. The Hollenbeck employed 600 men, and the Hillman vein 400, most of which will be thrown out of work.

St. Joseph, Mo., June 13.—The Daily Herald, St. Joseph's morning Republican newspaper, has been sold to Maj. John L. Bittenger, of this city, who will assume control and be the editor next Monday. Maj. Bittenger was at one time an editor of The Kansas City Journal.

Nearly Half Million.

HARRISBURG, Pa., June 13.—Additional contributions for the flood sufferers were received by the governor yesterday from all parts of the country. The total amount received to date is about \$488,000.

Disaster in Ireland.

A Serious Accident on a Railroad.

SEVENTY-TWO PEOPLE KILLED.

An Excursion Train Loaded With Children Destroyed in a Collision—It Is Believed That at Least Four Hundred Were Injured.

DUBLIN, June 13.—An excursion train containing a large number of passengers was thrown from the track near Armagh Wednesday morning. The cars were reduced to splinters, and a number of persons were killed. The number of wounded is not definitely known, but it is large, and some of the injured will die.

The railroad accident near Armagh is without a parallel in the history of rail-roading in Ireland. The train carrying the Sunday school excursion bound for the popular little seaside resort of Warrenpoint was made up of two sections, and fully 12,000 children and their relatives and teachers were on board. This train, a short distance out of Armagh, was ascending a steep grade to a bank that rises to a height of fifty feet, when the engine of the rear section gave out and was unable to draw the heavy train.

In some way, which is not now clearly understood, several of the rear cars became detached from the balance of the train and started down the steep grade. In a few seconds the cars were going down hill at a terrific rate of speed, with the brakes either utterly useless, or from negligence on the part of the guard, without proper attention. Had the track on the level just below the grade been clear for any considerable distance, the detached cars might have lost their momentum and the terrible accident that followed been averted, but, unfortunately, the regular train from Armagh followed just behind the rear section of the excursion train, and with the locomotive of this train the detached cars came into collision with terrific force, wrecking the locomotive as well as the cars themselves.

The scenes at the wreck immediately after the accident were heartrending in the extreme. The rear section of the excursion train, from which the ill-fated cars had become detached was stopped after proceeding but a short distance and the passengers, as well as those of the forward section, soon ran back to render assistance to the little children in the wrecked cars, where mangled and mangled bodies showed symptoms of life. The dead and the dying little ones were scattered in inextricable confusion among the jagged timbers and twisted iron work of the wreck, and the groans of the imprisoned sufferers mingled in an awful din with the shrieks of their more fortunate companions who stood by powerless to afford assistance.

People from the surrounding country flocked to the scene, and set to work to remove the victims from the wreck. Physicians were summoned by telegraph from Belfast and other points and attended to the wants of the injured, while the dead were taken from the ruins as fast as possible and placed in rows upon the grass.

The engineer, fireman and guard of the rear section of the excursion train and the traffic manager's clerk were arrested, charged with causing the accident, and remanded without bail.

The passengers on the hind train were not injured. They alighted and assisted in the work of relief. The scenes on the identification of victims by friends or relatives were painful in the extreme. All the bodies have now been taken from the wreck. The total killed are seventy-two, of which sixty-four have been identified.

The number of injured is about one-third of the entire number of passengers. Many of these are certain to succumb to the effects of their injuries.

Sounds Chestnutty.

VIENNA, June 13.—The Tagblatt publishes a special dispatch from Belgrade stating that a plot had been discovered in the royal palace at the Serbian capital to dethrone Alexander and proclaim the pretender, Prince Peter Karageorgievitch, son-in-law of the prince of Montenegro, king of Serbia.

Partial Remains of Three Persons Found.

COLUMBUS, O., June 13.—In the public dump, southwest of the city, yesterday, the partial remains of three persons were found. It was ascertained that the remains came from the Columbus medical college. It is believed that the law requires that such remains shall be buried, and if such requirement is not made by law, the law should be amended so as to require it. A public dump is certainly not the place to dispose of such matter.

Railroad Collision.

HAVRE DE GRACE, Md., June 13.—At 5 o'clock yesterday morning two freight trains on the Baltimore and Ohio railroad collided. Joseph McKean, aged 22, of Hagerstown, brakeman, was killed. Both engines were telescoped and there was scarcely a car of either train that escaped injury. Travel was suspended nine hours. The engineer of the southbound train claims that the telegraph operator here was at fault.

Bank Assigns.

WATERFORD, Dak., June 13.—The Bank of Waterford, W. J. Van Deever, president, assigned yesterday to J. W. Blundin. There had been a heavy run on the bank. Assets and liabilities unknown.

The Sangamon River on a Tear.

DECATUR, Ill., June 12.—Unprecedented high water in the Sangamon river has done considerable damage to levees and destroyed crops in the bottom.

A CONFLAGRATION.

Great Damage Done by Flames at Grinnell, Iowa.

GRINNELL, Iowa, June 13.—Fire broke out at 12:30 yesterday in Treat & Company's elevator on the town side of the Rock Island track, situated in the southwest part of town. A brisk wind was blowing from the southwest, and the flames spread rapidly to adjacent buildings and soon reached the heart of the business center of the town. The fire department was slow in getting in action, and after water was finally turned upon the roaring flames it was powerless to stay its course. Aid was summoned from Brooklyn and Marshalltown, but it was two hours in getting here, and was entirely too late to render assistance.

Forty-one business houses were burned, comprising nearly all the business portion of the city. The losses so far foot up \$160,000, and the insurance \$75,000. The stocks of goods were largely saved, being piled up in the park and placed under guard of Company G, third regiment of state militia.

The heaviest losers are Treat & Company, elevator, \$6,000; Bowler Brothers, hardware, \$9,000; Herald printing office, \$10,000; Morrison McIntosh & Company, glove factory, \$10,000; Arthur Semman, \$5,000; Cass & Wirbs, \$12,500; H. P. Proctor, \$14,500; J. G. Johnson & Company, \$4,000.

Grinnell was devastated by a cyclone seven years ago. About seventy-five houses was blown down and forty people killed.

JUDGE LYNCE.

Farmer Lemay's Assaults in the Hands of a Mob.

INDIANAPOLIS, June 13.—On Friday night last near Corydon, Ind., James Deavin and Charles Tennyson attempted to burglarize the residence of James Lemay. Lemay resisted, and was shot through the body and dangerously, but not fatally, wounded. A niece of Mr. Lemay was also seriously shot, but not fatally.

The men were arrested in New Albany, and afterward transferred to Corydon, the county seat of Harrison county. Since their arrival at Corydon threats of lynching have been prevalent, and they are likely to be put in effect. At 1:15 this morning the Journal's Corydon correspondent telegraphed: "About 200 men have just taken Deavin and Tennyson out of jail, and they will be lynched in a few minutes."

Will Act in Concert.

PITTSBURGH, June 13.—The employees of Carnegie's Homestead mills have positively declined to accept or be governed by the scale of wages submitted by the firm, and have so reported to the Amalgamated Association of Iron and Steel workers' convention now in session here. The Amalgamated convention has resolved unanimously to sustain the mill men. The employees have also resolved that should the firm attempt to discharge any of the day laborers and fill their places with new men in order that they may learn something of the duties of the skilled workmen prior to July 1, the time the Carnegie scale is to go into effect, they will stop work immediately.

It Must Go.

NEW YORK, June 13.—The National Association of Cigar-makers and Packers, at its last session, decided to have labels of the organization registered in every state, in order to secure protection. The following officers were elected for the ensuing year: N. T. M. W., Anthony Seninger, of Pittsburgh; N. T. W. F., Henry Gruber, of Jersey City; N. T. R. and F. S., Albert Hoffman, of Covington, Ky.; treasurer, Joseph Richardson, of Hamilton, Ont. Executive board, Joseph Richardson, H. C. Gruber, Ang. W. Beambach, of Milwaukee; Henry Wichteloh, of New York; John Fernan, of Pittsburgh, and T. L. Davis, of Baltimore.

Looking for Relief.

NEW YORK, June 13.—At a meeting of the finance committee of the relief fund for the Conemaugh valley a resolution was adopted that in view of the large amount of money in the hands of the committee unappropriated, Gen. W. T. Sherman, chairman of the executive committee, be invited to go to Harrisburg and confer with Governor Beaver as to the situation, not only at Johnstown, but in other parts of the state where the loss of life and property has been greatest, and where the most aid is required. Money is still coming in rapidly.

Cut Nail Association Goes to Pieces.

WHEELING, W. Va., June 13.—The regular monthly meeting of the Cut Nail association, held here yesterday, adjourned without being able to come to any agreement whatever, looking either to a curtailment of production or a change in the selling schedule. One of the mills gave notice that it would probably not be represented at the next meeting. The feeling seems to be that the association is mutually dissolved for the present.

Fell With a Defective Scaffold.

CHICAGO, June 13.—The scaffolding in the power house, in course of construction for the new West Side cable road, fell from overweight yesterday afternoon, carrying with it a dozen or more bricklayers, eight of whom were badly injured, and were conveyed to the hospital. The scaffolding was thirty-five feet high, and was too lightly constructed for the quantity of building material placed upon it.

Rich Newspaper Men.

NEW YORK, June 13.—Hon. Joseph Medill, editor of the Chicago Tribune and daughter, A. M. Palmer, theatrical manager, Tony Pastor and wife, Hon. Thomas Sherman, United States consul at Liverpool, sailed for Europe yesterday by the steamship City of Paris. Among the passengers on the steamship Aller for Bremen, was the Countess Arco Valley.

DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

THURSDAY, JUNE 13, 1889.

THERE are thousands of better men and brighter lawyers in the country than Attorney General Miller. He owes his present position to the fact that he was the President's law partner, and the same circumstances may secure for him a place on the Supreme Bench.

JUDGE DURHAM frankly admits that he is seriously considering whether to enter the race for Governor, and says he "will consult with his friends and be guided accordingly." The Judge is a good man, but the race is too far in the future to say anything about his chances.

COLONEL BRECKINRIDGE is mentioned as a probable candidate for Governor to succeed General Buckner, and the names of Colonel John Brown and Judge Milton Durham appear in connection with the same contest. It's a long ways off yet, but indications point to lively times in that campaign.

THE office of County Assessor in Nicholas has been declared vacant on account of the lunacy of John K. Owen, late incumbent, and an election ordered for next August to fill the unexpired term. If no one up that way wants the office, Mason could no doubt furnish a few candidates after next Saturday.

"AMERICANS are expected to spend this year, for one purpose or another, aside from purely business, the snug sum of \$100,000,000 in Europe." Yes, that's the way it goes. The rich go to Europe and spend the money made for them by the poorer classes while the latter are glad enough to stay at home and have enough to keep themselves and families alive.—State Journal.

THE Albany Argus very pertinently asks "why have the Republican 'pay envelopes' completely disappeared from sight? They would be useful in these days of reduced wages. Men receiving their might study the inscriptions about high wages on the outside and find consolation in the fact that while wages are reduced, the beneficent doctrine of protection has been maintained."

Maysville Hospitality.

Maysville has a reputation for hospitality unsurpassed by any place of its size in the State. Whenever there has been any gathering here, either religious or political, the visitors have gone away full of praise for the city and her people. When the State convention of the Christian Church met here two years ago, the citizens opened their homes and hearts and gave them such a welcome that the fame of Maysville's hospitality spread over Kentucky, and the papers everywhere, both secular and religious, were full of the praises of our people. Surely we cannot afford to lose this reputation.

Next week a great gathering of good people from every corner of our State, and many from other States, will be held here. This association represents the largest body of Christians in Kentucky. It may not be generally known that one-tenth of the population of our State are members of Baptist Churches. We learn that the committee having the work in charge have not yet succeeded in securing homes for all the delegation expected. Many have made excuses, or put the committee off, thus necessitating a great amount of extra work and much uncertainty. We sincerely hope for the credit of the town that our people will not let these good people come here and find that there is no room for them. In case any have been overlooked, if they will leave their names with W. LaRue Thomas, it will greatly oblige the committee.

THE BULLETIN will publish the list of homes with the names of guests on Monday.

For the Public Library.

The Young Men's Literary Society at a recent meeting issued the following order: To Charles Daly, Treasurer: Please pay to the Directors of the Public Library of Maysville, Ky., the funds in your hand of the Y. M. L. S., after paying all claims against said society. We the members of said society donate this to the Public Library.

This order was signed by the following members of the society: Professor J. H. Kappes, Charles A. Wood, W. D. Hixson, Charles Daly, G. H. Martin, George T. Barbour, W. H. Wilson, Henry Ray, H. P. Chewnoweth, Charles J. Collins, C. Ed. Geisel, John A. Shea, C. D. Russell, W. R. McDonald, R. L. Hoeftlich, Paul McDonald, Bennie Davis, H. L. Watson, Willie Johnson, J. Curt Rains, William T. Honan, Jimmie Rains, H. Harry Barkley, James Childs, E. A. Powell, Robert Wallingford.

In this connection the following has been handed the BULLETIN:

Mr. Charles Daly, Treasurer of the Y. M. L. S., paid me, one of the Directors of the Public Library, the sum of \$20 on this day, for which our board will be very thankful.

HELENA.

The closing exercises of Miss Anna Hord's school took place Wednesday evening, June 5th, and were of a most interesting character, reflecting great credit upon both teacher and pupils.

The following was the program:

March, from "William Tell," by Miss May Hord, to the music of which the entire school appeared on the stage, carrying banners upon each of which was a single letter, which when all assumed their places, spelled out the sentence, "Welcome, Dear Friends, To-night."

"Salutatory"—Oliver Hord.

Recitation—"Poll-h Boy," Maggie Robb.

Music—By orchestra composed of Messrs. Gantley, Brainerd and others.

Recitation—"Papa's Letter," Miss Hattie King.

School Piece—"Testing Her Scholars," Miss Hattie Cooper and others.

Recitation—"Worldly Wisdom," Miss Eva Wells.

Music—By orchestra.

Recitation—"The Adopted Child," Misses Maggie and Florence Robb.

Recitation and Tableau—"Goddess of Liberty and her Maidens of Honor," Misses Hattie Hughes, Lizzie Best, Maggie and Florence Robb, Lucy and Anna Griffin, Hattie Hord, Anna May Walker, Anna Collins and Hattie Cooper.

"March," by "Edouard Dora"—Miss May Hord.

Recitation—"Modern Theology as Expounded by a Brakeman on the C. and O. Road," Master Riley Walker.

Recitation—"The Gypsy Flower Girl," Miss Hattie Hord.

The exercises closed with East Lynne, a drama in five acts, the rendering of which was a surprise to every one present—so far beyond what was expected of school children. Character-actors:

Sir Francis Levison—Willie Wells.

Archibald Carlyle—M. Robb.

Lord Mount Severn and Justice Hare—Willie Robb.

Richard Hare—Oliver Hord.

Officer—Riley Walker.

Little Willie—Hattie King.

Lady Isabel and Madam Vine—Lizzie Best.

Barbara Hare—Hattie Hord.

Miss Carlyle—Hattie Hughes.

Joyce—Florence Robb.

Wilson—Richard Wells.

The large audience went away delighted, the universal verdict being that both teacher and scholars had done well.

FINANCE AND COMMERCE.

Quotations for the Money, Stock, Produce and Cattle Market for June 12.

New York.—Money 2 per cent. Exchange steady; governments steady. Currency sixes, 115 bid; four coupons, 120 bid; four-and-a-halfs, 106 1/2 bid. The stock market opened moderately active and strong with most of the list from 1/4 to 1/2 per cent. higher. Jersey Central was exceptionally strong and 1/2 per cent. higher at 112. As usual of late, trading was confined to a few stocks, and Reading, Lackawanna, St. Paul, Northwestern, Lake Shore, New York and New England and Louisville and Nashville contributed about three-fourths of the whole business. In the low-priced shares Walcott preferred was conspicuous and advanced quite sharply. In the hour to noon Jersey Central suddenly jumped up 2 per cent. to 114. At this writing the market is up 1/4 to 2 per cent.

THE PRESS CONVENTION.

What One of the Local Members of the Association Has to Say of the Late Meeting.

The local members of the Kentucky Press Association are at home, after attending the most profitable and pleasant meeting the organization ever held. The meeting was held at Owensboro, and a more suitable place would be hard to find, not because it is on the banks of the Ohio River and that we were assured beforehand that we would not suffer from thirst, as the "river" was high, but because it is a lovely city, filled with chivalric men and beautiful women, to whom Kentucky hospitality is no stranger. The Owensboro meeting will long be remembered by the ladies and gentlemen composing the organization as indeed a pleasant and enjoyable gathering.

The press gang arrived at Owensboro at 1 p. m. Thursday. The Reception Committee were in waiting at the depot with carriages, and the welcome accorded the visitors was indeed a warm one. A drive to the hotels followed at once, where the wants of the inner man were attended to, preparatory to the assembling of the association. The President, Colonel E. Polk Johnson, presided over the business sessions which were held in the Temple Theatre, an elegant structure recently erected—a credit to the enterprising city. As to the proceedings they have already been noticed. The meeting, we feel, resulted in good, from a business view, to all who were fortunate enough to be there.

On the afternoon of Thursday during adjournment, the members, in response to an invitation from Mr. M. V. Monarch, were taken in carriages to his famous Monarch Sour Mash distillery and were shown through the immense establishment. The crowd were informally entertained on the grounds by Mr. Monarch at a lunch, with liquid accompaniments. It is not necessary to say what kind of liquid was used, it was not "Adam's ale." Some of the boys will remember that lunch a long time.

At the night session, the theatre was crowded, the elite of Owensboro honoring the association with their presence. It was such an audience as would win the admiration of every true Kentuckian present. The "beauty and chivalry" of the city were there.

On Friday afternoon the members of the association, in response to an invitation, visited Daviess County distillery—it will be observed that Owensboro is a great place for distilleries—and again were treated in old Kentucky style, as they had been at Monarch's the day before.

At the annual banquet that evening, given at the Armory, covers were laid for about 500 guests. Mr. D. J. Coleman, the caterer of the Galt House, Louisville, and his assistants had charge. The banquet was a grand success. The editors gave ample evidence of their appreciation of the good things served.

After the banquet the guests and citizens repaired to Miller's Hall, to the hop, and there the light fantastic toe was tripped to the sweet strains of music until the wee small hours drove the gay party to a much needed rest, after a day and night of frolic and fun.

Saturday morning the time had arrived when we were to take our departure. Many were loth to leave, but we picked our "grips" and started for the elegant steamer Tell City, which the Henderson packet company had kindly furnished to convey us on our trip down the beautiful Ohio to Evansville, Ind. Evansville was reached about noon. On our arrival we found a committee from the Business Men's Association of that city waiting to escort us to St. George's Hotel where we were to take dinner as their guests. It was a typical Hoosier dinner composed of the good things that go to satisfy the cravings of the inner man. Our stay at this point was short. After partaking of the bountiful repast we were given a ride around a portion of the city in the street cars, landing at the depot where a special Louisville and Nashville train was waiting to carry us to the Mammoth Cave.

Mr. John H. Milliken, District Passenger Agent of L. & N., accompanied the party to the Cave and spared no pains in making the trip a pleasant one. The Kentucky Press Association has a great big warm corner in its heart for the L. & N. on account of the many courtesies extended and to Mr. Milliken for his endeavors to make the trip thoroughly enjoyable. Mr. Milliken is a gentleman in every sense of the word, and a railroad man of ability and one that his company may well feel proud of.

The cave was reached at 10:00 p. m., after a ride covering a little over 175 miles. Sunday morning a party of about 150, composed of men women and children, started for the cave at eight o'clock and spent seven or eight hours viewing the sights of the wonderful cavern. Among the points of interest visited were: "The Rotunda," "Kentucky Cliffs," "The Methodist Church," "Gothic Galleries," "Standing Rocks," "Grand Arch," "Giants Coffin," "Seat of the

Mummy," "Register Hall," "Gothic Chapel," "The Arm Chair," "Loves Leap," "Bottomless Pit," "Fat Man's Misery," "The Dead Sea," "Egyptian Temple," "Star Chamber," "A Strange Sanitarium," etc.

The Sanitarium consists of two stone cottages, and are visited by all who enter the cave, on account of the melancholy history attached to them. These and ten frame ones, the frame ones now torn down, were built in 1843 for the use of drench consumptive patients, who here took up their abode, induced to do so by the temperature and oxygenated air of the cave, which has the purity without the rarity of the air in high altitudes. The second stone house was a dining room. All the rest were lodging rooms, and well furnished. The experiment was an utter failure, as was also the attempt on the part of these poor invalids to make trees and shrubbery grow around their dismal huts.

The "Cork Screw" route and other points deserve special mention, but space will not permit it. Mr. Ganter, the manager of the cave, is a polite, accommodating gentleman, as are also the guides, who take particular pains to have you hear the interesting history of each point you visit. It would take a book to give anything like a history of Mammoth Cave, and the half would not be told. Every one who is able should visit it, for certainly there is nothing in the way of cavern to compare with it.

High School Commencement.

The annual commencement of the High School will be held to-morrow night. Eight young ladies and one young gentleman will graduate. The class is composed of the following: Miss Elizabeth Wilson, Miss Bertha Daulton, Miss Carrie Hall, Miss Adelaide Oton, Miss Anna Pelham, Miss Pearl Sutton, Miss Katharine Albert, Miss Susie Cobb and Mr. Benjamin T. Cox. The commencement exercises will be held at the opera house, beginning at 8 o'clock; doors open at 7:30. The public are invited. Seats will be reserved for families and friends of the graduating class, for the Board of Education, their families and for teachers of the public schools.

Result of the Raid.

The wholesale arrest of negroes Tuesday night was followed yesterday afternoon by a wholesale conviction of the crowd in the Mayor's Court. Twenty-six pleaded guilty to the charge of disorderly conduct and were taxed \$4.95 each, the fine and costs amounting to \$127.70. Of this sum \$4.15 has been paid or secured. The crowd were all arrested at a "sanzaree" at Ollie Robinson's, in Peanut Alley, Fifth ward. Their names are as follows: Wm. Williams, Ed White, John Mills, James Johnson, George Gallagher, Lewis Irvin, Frank Robinson, Perry Adams, Ollie Robinson, James Jones, John Carr, Lena Green, Sarah Gibbs, Ed Lee, Carrie McCann, Alice Miner, Anna Miner, Mary F. Garrison, Alice Turner, Em Berry, Em Taylor, Anna Belle Brazier, Thos. Carter, Ed Harris, Wm Arvin and Robert Ball.

Frequent complaints have been made about the racket raised at these "sanzarees," and Marshal Heflin and Deputies are determined to break up the business.

Railway News.

J. T. Harahan is mentioned as the coming man for General Manager of the Big Four—Bee Line Road.

There were five huge tanks of oil on a west-bound C. & O. freight last evening, shipped by the Union Tank Line.

The aggregate loss of the Pennsylvania by the Johnstown disaster is said to be \$13,000,000; the Philadelphia & Reading places its loss at \$500,000; the Erie at \$450,000; the Lackawanna at \$300,000, and the Baltimore & Ohio at \$250,000.

The "week end outings" to White Sulphur Springs will be a popular feature with the C. & O., and to add to their other attractions the rate has been placed at only \$5 for the round trip from Cincinnati. These tickets will be sold for any train on Fridays, June 14 and 21, and Saturdays, June 15 and 22, and will be good to return until the last train leaving White Sulphur the following Mondays. Pullman reservations and tickets can be secured at the C. & O. office, southwest corner Fifth and Walnut streets, Cincinnati.

At Covington, the case of the First National Bank against the D. Keefe Milling Company has been postponed until the next term of the Chancery Court.

The Washington Fire Company elected officers for the ensuing term at the meeting last night. The list is as follows: President—Byron Rudy.

Vice President—J. M. C. Ballenger.
Secretary—C. W. McClanahan.
Messenger—George J. Bendel.
Chairman of Standing Committee—G. W. Geisels.
Chief Director of Hose—William N. Rudy.

Pension Decision.

An Important Document From Assistant Secretary Bussey.

PENSION OFFICE SUSTAINED.

A Small Transaction on an Interesting Subject to the People—Civil Service Examination—Several Other Interesting Dispatches from Washington.

WASHINGTON, June 13.—Assistant Secretary Bussey has rendered an important decision, sustaining the pension office in rejecting the claim of Elizabeth Small, as dependent mother of Henry Small. At the time of Henry Small's enlistment, both he and his mother were slaves in Maryland. The facts of the soldiers death are admitted and the whole question turned upon the matter of dependence. At the time Henry's enlistment Elizabeth Small's husband and six children were living. In her application her attorney argues that when her son enlisted the government took the place of his master, and that it should be held that the son's labor was a contribution to the common maintenance of all, and that in this sense a contribution to the support of his mother.

This view of the case Mr. Bussey says, is predicated upon a theory, in nubibus. Too obscure for definition. The fact is admitted in the case, that after Henry became free, he never contributed any of his pay toward his mother's support. No dependence in any sense being shown. Mr. Bussey rejects the claim and says it could only be granted as a matter of charity. The department's duty, he adds, is to execute the laws, it has no authority to legislate.

Latest from Hayti.

WASHINGTON, June 13.—Important information bearing on the Haytian situation was received by cable at the navy department yesterday from Commander Kellogg, who was ordered to Port-au-Prince a few days ago, and has just returned to St. Nicholas Mole, whence the dispatch was sent. Secretary Tracy while admitting that a cablegram had been received from Hayti, declined to make its contents public on the ground that the navy department was acting simply as the agent of the state department. Any information concerning Haytian affairs, he said, must come from the state department.

The state department officials also admitted that a dispatch containing important news had been received, but they declined to say anything concerning it. It is said the Kearsage, which is under preparatory orders for Hayti, has been ordered to prepare for sea at once. She will go under command of Admiral Ghenardi.

Impossible This Time.

WASHINGTON, June 13.—Secretary Risk who returned to Washington yesterday after a two week's absence in Wisconsin, returns to find himself overwhelmed with invitations to visit and address state agricultural organizations and fair associations throughout the country during the coming season. He doubts his ability to represent the department at some of the gatherings to which he has been invited, for the reason that much of his spare time will be required in maturing a plan of organization of the agricultural department, which he hopes to submit to the president in his annual report next fall. For this reason it will not be strange if the secretary is compelled to decline many invitations of this sort, which otherwise he might be glad to accept.

Civil Service Examination.

WASHINGTON, June 13.—The civil service commission, in view of the examination to be held at the Marshallville, Tenn., postoffice next Saturday, put out the following announcement:

"All examinations held under its auspices are strictly non-partisan in character. All qualified persons are invited to apply, whether Democrats or Republicans. They will be examined, marked and certified purely with reference to their capacity. Political consideration will be allowed no weight whatever. The commission are determined to enforce the law in its letter and spirit; any employee of the government violating it will be most rigorously punished."

Looking for a Site.

WASHINGTON, June 13.—Messrs. Watson, Schwab and Lyons, a committee from New York chamber of commerce, appeared before Assistant Secretaries Batcheller and Dickenson and Supervising Architect Windrim yesterday and argued in favor of an up-town site for the proposed new appraiser's warehouse in New York city, as against one on the Battery. They did not recommend the purchase of any particular site, but argued that the present site would be satisfactory to the chamber of commerce in preference to any place farther down town. The treasury commission took the matter under advisement.

All Right Now.

WASHINGTON, June 13.—Capt. James Chester, of the Third artillery, who tried to commit suicide in the East river at New York, last month, while suffering from a fit of temporary aberration, has been ordered to inspect the Massachusetts agricultural college at Amherst, the Michigan military academy at Orchard Lake, and the Michigan agricultural college at Lansing. Capt. Chester has fully recovered from his attack.

Or for Europe.

WASHINGTON, June 13.—A. A. Ade, second assistant secretary of state, left Washington yesterday for New York, and will sail for Europe to be absent several months for the benefit of his health.

SYRACUSE, N. Y., June 13.—Syracuse has contributed \$14,000 in less than a week for the Johnstown sufferers. Seven thousand dollars were forwarded yesterday.

SEVEN MILLION DOLLARS.

Such is Said to Be the Extent of a Great Engineering Work.

ALTOONA, Pa., June 13.—The famous viaduct, near South Fork, on the reconstruction of which 500 workmen have been engaged over a week, was completed yesterday afternoon, and at 6 o'clock the first engine crossed over it. The trestle is eighty-five feet high and 445 feet long. The rails have been laid for single track to Johnstown from the Fork. Grading will be completed in two days more, when traffic is expected to be open through to Pittsburgh.

Seven thousand men are at work on the middle division of the Pennsylvania railroad on the eight lost bridges and thirty-four miles of road bed washed out. Work in the shops at this place has been stopped and all available forces are out on the line.

Competent authority computes the destruction in the Juniata valley at \$7,000,000, fully half of which is on the Pennsylvania railroad.

Everybody Caught the Fever.

HELENA, Mont., June 13.—There is great excitement in Grantsdale, Missoula county, over a gold find. James Quick-bonner, while bathing in Gold creek, found a dozen large gold nuggets which he took to Grantsdale and showed to friends. In three hours every man in town was on the road to the new discovery.

Testing a Gun.

ANNAPOLIS, Md., June 13.—The trial of the eight-inch carriage built for the navy department by the Pneumatic Gun Carriage and Powder company, of Washington, at the South Boston iron works was made yesterday. Twenty rounds were fired, ten slowly and ten rapidly, during which the carriage stood the test admirably. The gun was of the regulation eight inch, carrying a 250 pound shell and 126 pounds of powder. The recoil of the gun is received upon an air cushion and would take up very little room on shipboard. The recoil of the field piece of artillery would take up six to eight feet of space. The experiment showed that the pneumatic gun carriage could reduce the recoil to two feet. Some of the rapid firing shots were fired within a minute and a half interval of each other. No accidents occurred, and the test proved satisfactory.

A Disabled Steamer.

BALTIMORE, June 13.—The steamship Pirate arrived here yesterday from Port Antonio. The reports that on Monday last in latitude 32:55; longitude 76:7 she spoke the British schooner Edwin Janet, from Governor's harbor to New York, who was flying signals of distress. The Janet stated that all the masts were knocked out by a storm off Hatteras on May 31, and that James Pyffron, of Eleuthera, a passenger, was killed by a spar. The Janet wanted a supply of fresh water, but no further assistance.

Brace of Double Murderers Lynched.

CHATTANOOGA, Tenn., June 13.—Last night, at Helenwood, Tenn., a mob broke into the jail and took Lloyd and Reynolds, the double murderers, and hanged them to a tree near by. A note was pinned to the bodies, threatening vengeance on any informer. Public sentiment justifies the act.

A Sunday Closing Law Case.

CINCINNATI, June 12.—After several postponements the Rudolph case of violating the Sunday law, was tried in the police court by a struck jury yesterday afternoon. At 6 o'clock the jury returned a verdict of guilty. This is the first conviction under the present city administration, and was made a test case. A stay of execution was granted for three days for his attorneys to appeal the case to a higher court. Much interest is manifested in the final result.
